Julie 0427 877 299

Sharon 0427 475 941

COMPETITORS MUST HAVE FILL MEMBERSHIP WITH GUNALADA CAMPDRAFT
ASSOCIATION TO ACCUMULATE POINTS TOWARDS THE BUCKLE

COMMITTEE RESERVES THE RIGHT TO MAKE CHANGES TO THE PROGRAM

DRY WORK

The premise of the dry work is simple. The horse and rider must complete a pattern or series of manoeuvres like a reining pattern. The pattern varies between events and consists of a series of circles, spins, and stops that test the athleticism and responsiveness of the horse.

CATTLE WORK

The cattle work section is very similar to a Campdraft with a few minor changes. Firstly, a competitor, while in the camp, that loses control of a beast twice may be assisted out of the camp by the mounted steward. The course consists of a left and right circle and a gate. The traditional 1st and 2nd pegs may not be present.

General Rules and Definitions

- The event is open to all breeds of horses bred anywhere in the world.
- The event is open to all sexes.

Horses must be ridden by the same competitor in all phases. In case of genuine injury or illness occurring after the commencement of an event the Committee reserves the right to allow a replacement rider. Should a change occur, that change is final.

Classes of Competition

Open Challenge- Open to all horses and riders.

Rookie Challenge- Restricted to riders who have never won a Classic or Open Challenge at an ASCA Affiliated event or Major Challenge. Competitors who have won a Rookie Challenge will remain eligible to compete in Rookie events for that calendar year only. Open to ALL Horses.

- Any competitor who wins Rookie Buckle series or Rookie Premiership will no longer be eligible to compete in a Rookie Challenge.
- Any Rookie Competitor who wins an open challenge is no longer eligible to compete as a Rookie.

Encouragement Challenge- is restricted to riders that have never won a single event that involves a cow regardless of affiliation or discipline of event.

- Horses that have never won a single event involving a cow regardless of affiliation or discipline of event.
- Any Competitor who wins an encouragement challenge, is eligible to compete in encouragement events for that calendar year.
- Any Encouragement competitor who wins an encouragement Buckle Series is no longer eligible to compete in the Encouragement Challenge.

Juvenile Challenge- Open to riders aged 13 years to and include 17 years of age.

Junior Challenge- Open to competitors 9 years to under 13 years. And can only ride in this age group

Mini Challenge - open to competitors up to 8 years

HC - Abbreviation for 'Hors Concours'. A rider nominated as HC will participate however their score will not be considered when calculating competition placings.

Junior/Juvenile Riders

- *Helmets:* All riders under the age of 18 years are required to wear a riding helmet when competing and when riding in the competition arena. Helmets must meet current Australian Safety Standards and be less than five years old from the date of manufacture. The chin strap must be securely fastened. It is the responsibility of the parent/guardian of juvenile riders to ensure their gear is safe and they are mounted on suitable horses.
- *Stallions:* Are not to be ridden by anyone under the age of 18 years at any time during a competition either on the grounds or in the competition arena.

Disqualification - Competitors will be scored in all phases unless eliminated or disqualified.

Disqualification will apply if:

- Horse/Rider falls. Definition of fall of horse: When the horse's shoulder and hip are on the ground and all four feet are facing in one direction. Fall of horse in any event receives a score of '0'. Definition of fall of rider: Rider is no longer astride the horse.
- Horse bucks or becomes unmanageable.
- Any blood from spurring or in the mouth from the bit.
- Lameness.
- Using the incorrect gear as stated in regulations.
- Abuse of horse, judges or official.

"0" Score for Dry Work

- Fail to complete the pattern.
- Ride behind the pattern markers.
- Have two (2) or more major deviations to the pattern. Example doing three circles instead of two circles plus doing three spins in one section instead of two will score 0 for the entire pattern.
- Fall of horse and/or rider.

"0" Score for Cattle Work

- Horse tail turns.
- Dangerous riding.
- Handling cattle in arena detrimental to the wellbeing of stock.
- Crashing into cattle and dangerous hocking of beast.
- Purposely running cattle into the fence.
- Unnecessary scattering of the mob.
- Excessive aggression - continuing to pressure a lost beast through the mob causing stress to the mob.

Dry Work Rules: Horses shall work individually. Judging begins the moment the judge indicates to the competitor to commence. There will be no schooling from the time the horse enters the arena. A dry work pattern may consist of the following variation of gaits: such as walk, trot, canter, fast canter and/or gallop, lead changes (simple or flying), at least one spin each way, one roll back each way, back up, stops, circles and whip cracking. It is suggested that committees use one of the patterns approved by the Australian Stockman's Challenge Association. The judge may deviate from the traditional order of the performance, and he/she may also deviate from the exact printed pattern due to arena conditions. The best dry work horse shall be easily guided or controlled with little or no apparent resistance. Bad manners exhibited by the horse will be penalised. All deviations from the exact pattern must be considered a loss of control and marked down accordingly. Credit shall be given for the

smoothness, finesse, attitude, quickness, and authority of performing various manoeuvres while using controlled speed which raises the difficulty level and makes the horse more exciting and pleasing to watch. A manoeuvre which is performed accurately at the average requested pace should be scored above a competitor which is performing inaccurately, but at a faster pace. Score is from 0 - 10, with 7 being an average. The dry work pattern is divided into sets of manoeuvres. It is the judge's responsibility to evaluate these manoeuvre groups individually and rate each manoeuvre group on the following scale:

Credit will be given for: a) Correctness of patten; b) Correctness of manoeuvre; c) A horse that is displaying a willingness to perform to the pattern and rider command; d) A high degree of difficult; and e) Smoothness.

Judges will look for: a) Walk: a horse that shows the ability to extend itself at a walk; b) Trot: a horse that can extend itself with a degree of collection; c) Canter: to be free going and calm, exhibiting a degree of collection; and d) Gallop: a horse that can show speed with calmness and control

Additional points to note a) Canter transition from the halt may be ridden with a few strides of walk ; b) When trotting on a circle or turn the rider should be on the correct diagonal; and c) In the event of a Major Interference the judge may award a restart at their discretion.

'0' Score for the entire pattern: Competitors will be scored '0' for the dry work if they: a) Fail to complete the pattern; b) Introduce new manoeuvres to the pattern; c) Ride behind the markers; d) More than two Major deviations from the pattern; and e) Blatant disobedience, biting, bucking or rearing 20 Point Penalty Any Major deviation, omission or addition to the prescribed pattern will incur a c o' score for that manoeuvre plus a **20 point penalty**. More than two major deviations will incur a '0' for the entire pattern.

Manoeuvre Penalties: Penalties at Judges discretion: A Judge will score according to the guidelines, keeping in mind that not all minor variation of a manoeuvre needs the same severe penalties.

½ point deductions: a) Not changing leads simultaneously; b) Over or under spin 1/8 of a turn; and c) Speeding up through a lead change **1 Point deductions:** a) Incorrect lead/disunited each % circle; b) Break of gait; c) Over of under spin % of a turn; d) Scotching or anticipating a stop; and e) Trotting more than 2 strides on a lead departure or roll back.

2 Point deductions: a) Performing a simple change where a flying change is prescribed or vice versa; b) Lockup or refusal in roll back or spins; c) Trotting over one quarter of a circle on lead departure; and d) Kicking up during a lead change.

5 Point deductions: a) Spurring or hitting in front of girth Penalties at Judges discretion; b) Excessively slow canter resulting in a 4-beat gait; and c) Excessively fast gallop which appears to be detrimental to the horse's welfare and detracts from the smoothness of the pattern. Circles
Circles are a controlled manoeuvre in the designated area of the arena. Emphasis on the scoring shall be given to the contestant exhibiting smooth, controlled figure eights with easy lead changes. Right and left circles shall have a common centre line in the middle of the designated area. Circles shall be ridden and started on the correct lead. The speed and size of the right circles shall be exactly the same as the speed and size of the left circles. The horse's gait should appear to be even and fluent, without heavy rider contact and obvious commands. Circles shall be ridden far enough from the arena wall that it does not affect the circles. The horse should be correctly bent and maintain its balance without falling in or drifting out.

Lead Changes: a) Simple Change: when riders change leads by performing a downward transition before going to the opposite lead at the canter; and b) Flying Change is performed by a horse in which it changes leads at the canter while in the air between two strides. The flying change must be executed with no change of speed or gait. The horse shall change leads at the exact location dictated in the

pattern description and shall change in one stride. A horse shall be considered out of lead if both front and rear leads are not changed in the same stride.

Run Downs: Run lengthwise through the arena. They shall be made as described in the given pattern unless the judge indicated otherwise due to arena conditions. The horse shall demonstrate a relaxed fluid attitude when starting a run-down and throughout the manoeuvre. The horse shall use controlled speed consistent with the size of the arena and the conditions of the ground. The horse shall travel in a straight line with a minimum of contact with the rider. Straight, controlled rundowns with square, smooth stops, maintaining suppleness are desirable.

Stops: Shall be in line with the direction of travel. Horse shall have its hocks well under it during the entire stop, maintaining a proper head position and response to a light rein.

Spins: Consistent and positioned 360 degree turns executed with the hind quarter in the same geographic area with minimal movement. Spins shall be smooth and fluent. The location of the hind quarter shall be fixed at the start of the spin. As the spin is a forward movement, the outside front leg shall step across in front of the inside front leg. The horse shall stop the spin exactly as dictated by the pattern description. The right and left spins shall have a similar speed and balance.

Back-up: The horse being caused to move in a reverse motion in a straight line for a required distance. The horse shall begin the back-up in a controlled and willing manner and shall continue to back-up without hesitation until directed to stop by the rider. Hesitate Hesitation is only long enough to show the completion of one manoeuvre before the next one starts. There shall be slight hesitation to indicate each manoeuvre, not disrupting continuity.

Rollbacks: A manoeuvre that combines a stop, turn over the hindquarters and exit in one fluent motion. The rollback must be executed with no more than slight hesitation after the stop and the horse shall not step ahead or back-up prior to the turn. The horse shall be in position to canter off in a straight line when exiting a rollback ensuring the correct lead without raising its head or showing resistance.

Collection: Collection implies that a horse will carry itself in frame by engaging its hindquarters and whilst maintaining a lightness and mobility of the forehand with only light contact through the bit. This is achieved using the seat, legs and containing hands. Appearance and Presentation Both the horse, rider and equipment should be clean, neat, and tidy and well presented. Any horse showing excess sweating up should be penalised for presentation.

Cattle Work Rules: The cattle work will be scored with a maximum of 100 points. 25 possible points in the cut out (camp) section and 75 points in the arena work: 25 points for the first circle; 25 points for the second circle; 25 points for the gate or third circle. The time limit in the arena is 40 seconds. The outside course is like a Campdraft course and will consist of two circles: one being on the right and the other on the left and a gate. The course can be ridden in whatever direction the committee chooses. Committee's may use pegs as a guide if they choose. A gate will be present. Once the competitor has guided the beast through the gate the run will be terminated immediately. If the competitor is unable to make the gate, they must continue to demonstrate they are in control of the beast and attempt to complete a third circle. If a peg or gate is missed, the competitor must continue and not make a second attempt. The competitor is allowed 1 attempt at each peg/circle. Horses will enter the camp quietly and select a beast without disturbing the mob. Competitors must NOT enter the herd/work the herd in any way until acknowledged by the judge to commence their run. The competitor is expected to work the beast until it is clear of the mob and show the cutting out ability of the horse. The competitor calls for the gate when satisfied with the work in the camp and takes the beast into the arena. Whilst working cattle in the camp, the judges will be assessing the horse and rider's accuracy on cattle, style, and effectiveness. In the camp, when the judges have determined that the competitor has lost control of the beast twice, the competitor's "cut out" section will be terminated, and they will be scored 'O' in this "cut out" section. The competitor will then be assisted out of the camp by the mounted steward and allowed to continue course. A horse that hits a beast over the hocks

or runs up the rump of a beast will have the run terminated. The judge shall immediately terminate the round should a beast show any bleeding or appears lame, distressed, or bails up and attempts to horn a horse. The competitor shall be scored up to that point. Where the judge terminates an outside run due to interference, the competitor will be awarded a re- start. The competitor will start again with the lesser of the two cut out scores with the original entitlement of cattle. The competitor must continue to ride until the whip terminates the run for a score. Committee reserves the rights to decide on the maximum and minimum number of cattle in the cut-out yard.

Refunds: Refunds will be made when event has been cancelled.

No refunds will be made, if a competitor with draws from the competition within 72hrs of event, unless they have medical certificate and vet certificate.

Draws: Once competition starts the draws will not be changed.

RUGS BEING AWARDED TO OVERALL HI POINT BREEDS, PRESENTED AT GUNALDA (THE FINAL ROUND)

RUG FOR THE HIGHEST SCORING QOTT (proudly sponsored by
Ferguson Racing and Performance Horses)
Awarded to highest scoring QOTT in the ROOKIE Series
